# MANAGE YOUR BOARD

You've got a significant job to do—making sure your athletics programs are running smoothly, keeping your leagues and schools in compliance, and ensuring unity and consistency across the board. Now take your organization to a new level with a single view of key aspects of your organization and still see what's happening in real time. You can't afford to miss a beat. So turn to the experts from ArbiterSports.

# PICTURE THE

ArbiterOne gives you a single view of your entire organization so you can track progress on game scores, officiating assignments, and registration, for referees, umpires, and more. With ArbiterOne, you will always have the best seats in the house.

# SEE HOW IT'S

Using ArbiterOne, you can get a unified view of all your officials, their eligibility, track record, contact information, even pictures. Then you can access information from the master database and chart track record statistics. It's easy and efficient to see any detail you need when it comes to officials assigned to games.

# BARSE THE

With ArbiterWorks, you can feel confident in the quality and professionalism of your officiating program. Through ArbiterWorks, officials can register to officiate, complying with your policies. You no longer have to worry about who's complying with the latest regulations. ArbiterWorks provides you with a platform to use which officials are confident and capable to do their jobs. You can review and training videos, and much more, to ensure your officials are up to the task of their assignments.

# PLAYERS AS WELL AS

When your organizations use RefPay to pay their officials and other game staff, all processing and reporting are handled electronically. As for playing by the rules, federal and state compliance is built into the system and stays up to date because all ArbiterSports products are web based. What's more, the funds deposited through RefPay are secure and fully insured by the Bank of Utah and can only be deposited in FDIC accounts.
